SUBJECT: Soviet Party Apparatus in the Western Ukraine

Reference is made to MSC 424. We consider the information contained therein very interesting and have passed it to the State Department.

We would like to have, if it is possible for you to procure this information, the identity of the courier and more especially the method by which he left the Ukraine, what papers he travelled on, what his official reason is for coming to Munich, and any more such details which would also throw light on the comparative difficulties and possibilities of such people getting out of the Soviet Union today. Is this particular courier, for instance, returning to the Ukraine? Are any more expected to arrive in the near future?
